Corporate Finance For Dummies: Taillard, Michael ...

From Corporate Finance For Dummies. By Michael Taillard. Corporate finance is the study of how groups of people work together as a single organization to provide something of value to society. If a corporation is using up more value than it's producing, it will lose money and fail. So it's the job of those in corporate finance to manage the organization so that resources are efficiently utilized; the most valuable projects are pursued; and the corporation can remain competitive and ...
