Four Corners Of The Document

The term "four corners" refers to the four corners of a document. Basically, it implies that the only legal parts of the contract are within the four corners of a page or online document. If there is evidence that exists outside of these four corners, they cannot be used in court if they directly contradict the terms of the written contract.

Four Corners Rule Contract Law: Everything You Need to Know

In contract interpretation, the Four Corners Rule refers to a common law doctrine dating back to old English courts that requires the court to resolve contractual disputes based on the words contained in the disputed contract. The four corners doctrine is similar to the parol evidence rule, which prohibits a contracting party from introducing evidence separate from the contract that would change fundamentally the intended understanding as written in the contract.

Four corners (law) - Wikipedia
