In twelve chapters discussing 11 language families from four continents, authors draw on their own fieldwork experience, pairing explicit methodological proposals with concrete examples of their use in the field.

Methodologies in Semantic Fieldwork | Oxford University Press

Semantic fieldwork aims to establish facts about the meaning of utterances, and parts of utterances, in the language under investigation. These semantic facts are often subtle, are usually context-dependent, and are almost never accessible by direct native-speaker intuitions (i.e., one cannot
