Probably google will work better for this kind of information, keep in mind that writing a book requires several months of work and preparation, a lot of sleepless nights reviewing and correcting everything. Not only the book author, but a lot of people gets involved in the project and they all spend time and talent to write and get you a decent source of information and have something to buy ...

## **Where can I download Python: The Complete Reference? - Quora**

The Python Language Reference ¶ This reference manual describes the syntax and “core semantics” of the language. It is terse, but attempts to be exact and complete. The semantics of non-essential built-in object types and of the built-in functions and modules are described in The Python Standard Library.
