9 Tips for How to Talk With Someone Who Has Dementia

Talking to someone with a terminal illness about dying can help them to express their concerns and fears, and make plans for what's important to them. Talking about dying can be difficult but there are things you can do to help the conversation be more meaningful for your patient.

Talking to someone with a terminal illness about death

Sometimes just being there to listen—really listen—is the best thing you can do. Let the person with cancer talk without interrupting. You don't always have to have all the answers, just a sympathetic ear. He or she may not want to talk at all, and would rather sit quietly. It's okay to sit in silence. Don't minimize their experience.
