In *The Colonizer and the Colonized*, Albert Memmi's essential argument is that the collapse of colonialism is inevitable. According to Memmi, there are only two answers for the colonized to disrupt the system of oppression. The two possible "solutions" are assimilation and revolt. In response to the marginalization of the colonized, both answers carry a high price.

Colonizer Vs colonized. Colonizers believed in spreading their education and religion because of the belief that it was superior, and also from their idea that the English way of life was the best and only way of life. All other forms were regarded as unholy and less advanced/inferior. The natives were very different from the English and their way of life was completely different, because for the first time they had only just come into contact with people outside of the Americas, and so ...

secured to the colonizer. However, colonial privilege is not solely economic. To observe the life of the colonizer and the colonized is to discover rapidly that the daily humiliation of the colonized, his objective subjugation, are not merely economic. Even the poorest colonizer thought himself to be--and actually was--superior to the colonized.
